ABOUT US

Hey now, we're the lord Calverts! We're brought our high-energy garage rock in front of thousands at MCU Park and Stamford CT's Alive @ Five, and to all the cool clubs in NYC and Brooklyn.

Catch our music on Sirius XM's Little Steven's Underground Garage! Chris Frantz of Talking Heads plays the Lord Calverts "Now" on WPKN, and calls it "A fabulous record!" The legendary DJ Weasel at WTMD in Baltimore spins our record too, saying, "I love it!"

'NUFF SAID!

Mark McGrath of Sugar Ray said: "What an awesome band! It's like the Hives meets everything great about the '60s meets everything great about songwriting!"

The Lord Calverts—Kevin Lydon on lead vocals, Askold Buk and Jed Becker on guitars, William x. Harvey on bass and Rich Capitelli on drums—are flying high the flag of great American rock: trashy, nasty, catchy and FUN!
